August 13, 2020

Dear Parents and Students,

Welcome to the start of the 2020-21 school year. As we prepare for the upcoming school year, we would like to offer families the opportunity to receive their child's education via distance learning. If you are interested in receiving distance learning, please complete the section below and we will contact you with any further steps that need to be taken. Please complete one form for each child and return the form to either the elementary or junior high / high school office by **3:00 PM on Tuesday, August 18, 2020**.

Parent Name

---

Parent Signature

---

Date

Please Note - If you decide to utilize the District Distance Learning opportunity the decision will be in place throughout the first trimester at the Elementary School and throughout the first quarter at the Junior High / High School. Families will be allowed to change their child's educational placement at the end of each trimester (Elem) or quarter (JH/HS). Exceptions to this process will be made on a case by case basis or if major changes occur regarding the COVID-19 situation in Toole County.
